REINER

Marking equipment

Marking –
flexible, mobile and easy!

A family enterprise, established by Ernst Reiner in 1913, has its headquarters in Furtwangen, in the Black Forest. Today the company is organized in three operating divisions: numbering machines & electronic stamps, scanners and precision parts.

REINER is viewed as a market leader of metal stamps in Europe and the United States, and of OCR-printing and scanner systems in Germany.

A staff of two hundred skilled and motivated men and women employ new technologies and modern production systems to yield high precision products.

REINER partners with more than 60 national and international distributors and resellers. Additionally with the 3 subsidiary companies, REINER SCT, IP systems and Horray, REINER is represented in all important key markets in Europe.

Whether in industry, public administration or banks – REINER products are in use everywhere!

jetStamp graphic 970 | *jetStamp graphic* 970 MP

The universal talent...

The *jetStamp graphic* 970 is a hand-held inkjet printer that marks documents and or products simply and quickly. In addition to number, date, time and text, this device can also print graphics and barcodes. With the MP ink, it is also possible to print on non-absorbent surfaces such as metal and plastic. The 970 is mobile, handy and easy to operate and program. It comes complete with its own software and weighs just over 1 pound.

Description	Pos.	Sample print: Original
• Number, date, time, text and graphics and barcodes • Automatic advancing numbering and dating barcode • Up to four different print images can be stored in the 970 • Print image can be created simply and quickly at the PC and transmitted via USB or Bluetooth • Since the 970 is operated with rechargeable batteries, it can be taken to the goods to be marked quickly, easily and on the go • Your choice of regular ink for paper or cardboard or our specially formulated MP ink for marking on non-absorbent surfaces such as metal and plastic • The MP ink dries quickly, is smear resistant and is great for marking consumer products such as food packaging and bottles • Max. print area dimensions: (W x H) 65 mm (2 ½") x 12.7 mm (½")	224	Production Date: 2018-01-29 09:23 Best Before: Dec 2018 Charge No.: 12345678
